

Emsphere SS, SD Series

SS20, SS50, SD20, SD50

Silicone Resin Powder

Substance Name	Polymethylsilsesquioxane
INCI Name	Polymethylsilsesquioxane
CAS No	68554-70-1
Form	Powder

Selection Guide

Function

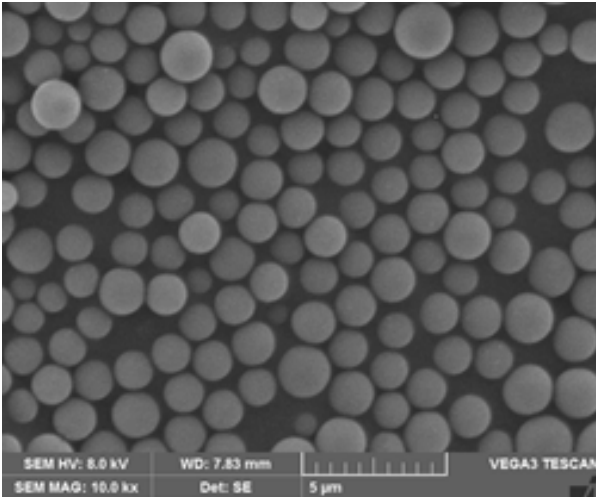

Light diffuser	Lubricant
Surface enhancer	Anti-blocking agent

The diagram shows a green circle with three arrows pointing outwards, representing light diffusion. To its right, three green circles are shown on a wavy line, representing lubrication.

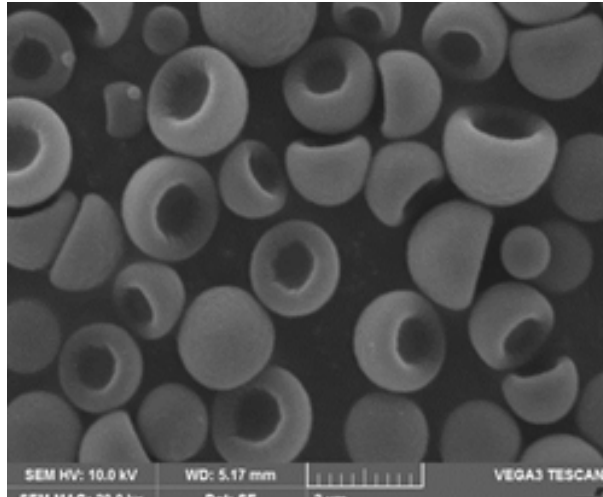

Effect

High optical performance	Soft focus effect
Ball bearing effect
